EDUCATION

Fourth-Year Electronics and Communications Engineering Student
Pyramids Higher Institute for Engineering and Technology | 2022 - Present
Fourth Year | GPA: 3.1

EXPERIENCE

SOC Trainee - AMIT Learning | Jul 2024 - Aug 2025

- Trained in Security Operations Center operations, SIEM-based log analysis, and threat monitoring.
- Learned approaches for identifying and responding to potential security threats.

Cybersecurity Intern - CyberOps Program - National Telecommunication Institute (NTI) | Jul 2025 - Aug 2025

- Gained exposure to cybersecurity operations, incident response, network security, and threat analysis.
- Applied concepts through practical scenarios and simulations.

HR Member - Enactus - Pyramids Higher Institute | Jul 2023 - Aug 2025

- Supported recruitment, onboarding, internal communication, and team-building activities.
- Developed communication, teamwork, and organizational skills.

TECHNICAL SKILLS

Frontend: React, JavaScript, HTML, CSS, SCSS, Bootstrap, React Router
State Management & APIs: Redux Toolkit, Axios, REST API integration, Swiper
Tools: Vite, Git, GitHub, Microsoft Office
Currently Learning: Backend fundamentals, Node.js, modules, File System (fs), JSON
Additional: System Administration, Project Management

COURSES & TRAINING

- Full Stack Web Development - AMIT Learning (in progress; frontend phase completed, backend learning ongoing)
- Network Security (Jul 2025 - Aug 2025)
- Python (Jun 2024 - Jul 2024) | Java (Sep 2023 - Dec 2023) | MATLAB (Sep 2023 - Dec 2023)
- AutoCAD 2D (Jul 2023 - Aug 2023) | ICDL (Jul 2023 - Aug 2023)

PROJECTS

ShopStream - E-commerce Web Application | Live Demo | Source Code

- Built and deployed a responsive e-commerce web application using React and Vite.
- Implemented product browsing, category navigation, product details, search, sorting, and pagination.
- Managed application state with Redux Toolkit and integrated product data through Axios and DummyJSON API.
- Used React Router, Bootstrap, SCSS, and Swiper to build the user interface and navigation.

Technologies: React, JavaScript, Vite, Redux Toolkit, React Router, Axios, Bootstrap, SCSS, Swiper, DummyJSON

ADDITIONAL INFORMATION

Languages: Arabic (Native), English (B1)
